BIOinterface

BIOinterface 2027
1st International Conference at the Crossroads of Biology, Materials, and Interface Science

March 22-26, 2027

Nancy, France

SPONSORSHIP & PARTNERSHIP BROCHURE

CONGRESS PRESENTATION

BIOINTERFACE 2027

At the Crossroads of Biology, Materials, and Interface Science

BIOinterface is a new international conference dedicated to research at the interface of biology, materials science, chemistry, physics, engineering, and computational science.

For its inaugural edition, BIOinterface Conference will bring together researchers from complementary scientific communities to share their latest discoveries, exchange ideas, and foster new interdisciplinary collaborations. The conference will provide a stimulating forum for advancing our understanding of biological phenomena at interfaces and exploring their potential in fields such as biomaterials, tissue engineering, biofunctional surfaces, antimicrobial strategies, and engineered living materials.

The scientific programme will focus on five main themes:

- Advanced Instrumentation and Interface Engineering
- Biofunctional Organic Surfaces for Cell Growth and Control
- Artificial Intelligence and Multiscale Modeling for Biointerfaces
- Microbial Interfaces: Growth, Antimicrobial Strategies, and Engineered Living Materials
- Surface Structure–Property Relationships in Mammalian Cell and Biomaterial Interactions

A dedicated Spring School day

A full day will be dedicated to a Spring School designed for Master's students, PhD candidates, early-career researchers, and scientists wishing to discover or broaden their knowledge of biointerface-related challenges. This training day will provide an interdisciplinary introduction to the key concepts, methods, and scientific questions involved in the study of biointerfaces. It will cover the entire experimental pathway, from surface design, modification, and functionalization to the analysis and characterization of how surface properties influence the behaviour and fate of biological systems.

Plenary and invited lectures, contributed talks, poster sessions, and dedicated networking opportunities will showcase fundamental, methodological, and applied research. Particular attention will be given to innovative approaches that connect multiple scales of investigation, from molecular interactions to cellular, microbial, and tissue-level responses.

Through this first edition, the organizing committee aims to establish a dynamic, inclusive, and long-lasting international scientific event that will grow and evolve in the years ahead. Established researchers, early-career scientists, engineers, and innovation stakeholders are warmly invited to help shape this new interdisciplinary community.

Join us in Nancy from March 22 to 26, 2027, for the inaugural edition of BIOinterface Conference and help shape the future of biointerfaces.

BIOinterface

EXHIBITION

MEET YOUR CUSTOMERS

Packages with exhibition stand includes the following services:

- The use of the stand during the duration of the exhibition and the periods of assembly and disassembly;
- The coordination services of the Congress during the periods of assembly and disassembly of the stands and during the duration of the exhibition;
- Cleaning services for driveways and public areas.

EXHIBITION PACKAGE	BRONZE	SILVER	GOLD
PRICE (VAT excl.)	**750€**	**1 800€**	**2 500€**
Exhibition stand	/	Yes	Yes
Duration	/	2 days	5 days
Industry Pitch Session	/	/	Yes
Advertising in the conference guide	One-page	One-page	One-page
Company logo on conference materials	Yes	Yes	Yes
Roll-Up*	Yes	Yes	Yes
Exhibitor badge: access to stands, lunches and welcome reception (excluding accommodation)	Yes	Yes	Yes
Gala evening ticket	/	/	Yes

**To be supplied by the sponsor.*

ADVERTISING

ADVERTISEMENT IN THE CONFERENCE PROGRAM

Promote your company with a full-page advertisement in the conference programme, distributed to all attendees.

CONFERENCE PROGRAM	
Full page, 2nd cover (Exclusive)	Full page, 3rd cover (Exclusive)
1 800€ VAT excl.	1 600€ VAT excl.

AWARD CEREMONY

SPONSOR THE AWARD CEREMONY

Awards for the best poster and best oral presentation will be presented during the conference. A beautiful wooden trophy engraved with your logo* will be presented to the participants, along with a check for 500€.

The advantages of this offer:

- A representative from your company can present the award and give a short speech about your company.
- Trophy engraved with the logo of the company.

**Image for illustrative purposes only. The final design is subject to approval.*

600€ VAT EXCL.

BRANDED ITEMS

ECO-FRIENDLY GIVEAWAYS

We work with a variety of local suppliers who, for example, offer upcycled or socially responsible products (reintegration, inclusion), and we can feature your logo on them to provide participants with a meaningful and memorable keepsake. Choose from a range of customisable eco-friendly items, including wooden bookmarks engraved with your logo, cotton bags and keyrings made from recycled fabric scraps from the Vosges textile industry. Let's talk about it!

1 - BADGE LANYARDS

Badge lanyard sponsorship:

- The badges will be worn by participants throughout the conference.
- You will be the only sponsor printed on the lanyard.

2 000€ VAT EXCL.

2 - SEED BADGE - EXCLUSIVE

- Badges will be worn by participants throughout the congress.
- Your logo will be displayed exclusively on the front of the badge for maximum visibility.

1 200€ VAT EXCL.

Soak seeded paper in water overnight

Plant the paper at a depth of 2 cm

Water regularly during the first few weeks

Enjoy the first signs of growth!
